

## LIST NO. 10

### TRIANG BOXED WAGONS (INCLUDING BATTLESPACE AND NATO ITEMS)

(List updated 13.11.09)  
(Web Page updated 13.11.09)

The contents of the boxes listed below are in undamaged condition. Some of the earlier Wagons were produced in varying colours but bore the same Catalogue numbers. However those listed below appear to be in the correct boxes. Please note that items which have a one or two digit Catalogue number have been shown on this list with one or two "0" digits inserted between the prefix letter and the other digit(s) to ensure correct sequential numbering. All couplings are closed couplings and all axleboxes are closed unless indicated to the contrary. This list includes items in both Triang and Triang-Hornby boxes.
