

LIST NO. 12

TRIANG, TRIANG-HORNBY AND HORNBY CATALOGUES AND OTHER TRIANG AND TRIANG HORNBY PUBLICATIONS

(List updated 14.4.08)

(Web Page updated 14.4.08)

This list includes all known variations of catalogues and the dates of all known price lists. The information in the lists are the result of many years collecting, although it cannot be claimed that the lists are 100% complete. Thus any new information would be gratefully received.

All the price lists are printed on white paper unless indicated otherwise. The prices shown are for catalogues with one of that year's price lists. If an original price list is not available, or not required, the price will be reduced by 50p (£1 for pre 1972 lists). If price list photocopies are required they can be provided at the same cost (ie 50p each, £1 for pre 1972 lists) even if a catalogue for the appropriate year is not required.

Unless noted the original prices of the catalogues have not been printed. Those which have are annotated (B). Some have a price rubber stamped - these are annotated (A). From 1992 Bar Codes were printed on catalogues.

Other notes

- (D) Front cover has "1974/75" printed thereon.
- (E) Rear cover has a list of BEATTIES branches printed thereon (and in some cases the names of the Branch Managers!)
- (F) BEATTIES printed on front cover and rear cover contains a list of Beatties branches.
- (G) 1974 Catalogue with incorrect pages 6 and 7.
- (N) Cat. No. 22. A stock of immaculate catalogues received in Manufacturer's original box.

The following table lists the dates of all the known price lists. Please read columns left to right. The list of Catalogues will be shown in the subsequent table.
