(Web Page updated 17.11.09)

All items listed below have been described as accurately as possible as to condition. All track pieces are undamaged. If any item is considered to be not in accordance with the description given, the purchase price and return postage will be refunded if the item is received back within ten days of despatch from here.

DISCOUNTS

A 50% discount will be allowed on all the track pieces marked with an asterisk for a limited period whilst stocks last

TRACK SETS

PIER SETS

PAVEMENT SETS

Unboxed sets of the following can be assembled - if stocks of the constituent parts are in stock. Such sets will be sold at 5% less than the total cost of the constituent parts.

M1532	Cobra Track Pack	M1666	Pavements for sets M1504, M1511
M1667	Pavements for Set M1512	M1668	Flyover Set

M1671	Gradient Pier Sets	M1672	Hump Back Bridge Set
M1673	Pier Set for Hump Back Bridge	M1674	Gradient Support Set

SALE CONDITIONS

A Vehicles will be sold only with one controller whilst stocks of controllers last.

B The track listing indicates not only black and grey track, but track with or without road markings - the former being specified RM. If your requirements for RM track cannot be met please indicate whether or not you will accept track without road markings - and visa versa. Similarly if there is insufficient track of one colour please indicate if you will accept the other colour track to complete your order. D As there is normally a strong demand for Grass Pavements and as a large amount of Track is normally in stock Pavements specified will only be sold with track pieces specified. Please, therefore, take a careful note of the following before ordering:-

PAVEMENTS	TRACK REQUIRED	PAVEMENTS	TRACK REQUIRED
1 x M1640	Half as many pieces of equivalent length (see list)	1 x M1691	1 x M1616 or 1 x M1613

TRIANG MINIC MOTORWAY REFERENCE BOOKLET

An expanded - at present handwritten - version of this list running to approximately 50 pages of A4 sheets has been produced listing - it is hoped - ALL items produced (including spares) and showing all known vehicle colour variations. An invaluable reference booklet priced at only £7-50

NB Little is known about Motorway items produced abroad or produced in the UK for export.

Thus any information would be most welcome.

NB This booklet is being withdrawn for the time being until it can be transferred to Computer.

VEHICLES (Next No. 237)

Minic Motorway vehicles were sold in different types of boxes. These were as follows:-

Box 1 Red - End Flaps - Dimensions 20.5 x 20.5 x 4.5 cms

Box 2 Red - Lift off lid - Dimensions 14.5 x 3.5 x 8cms.

Box 3 Blue - Opening flap on top - Dimensions 10.5 x 5.5 x 4cms.

Box 4 Yellow/Red - See through windows - Dimensions 12 x 4.5 x 4.5 cms

Box 5 Yellow/Red - See through windows - Dimensions 14 x 7.5 x 5 cms

Box 6 Red - End Flaps - Dimensions 10 x 10 x 3.5 cms

It is not known - precisely - which vehicles were sold with or without glazing. Thus vehicles which are NOW unglazed have been specified (UG). Some bodies and chassis can be interchanged so that whilst the body and chassis of each vehicle fits correctly it cannot be guaranteed that the pairing was unchanged from new! No rear plastic guide pegs are fitted except in the case of the gimbal rings on the earlier motors not having their integral two guide pegs. (NB. There are two variations of gimbal ring made without guide pegs.) When a guide peg is fitted there will be an indication - (RGP). If additional guide pegs are required they may be purchased separately - see list. All vehicles are in working condition.

None of the boxed vehicles contain Transfer Sheets but these can be purchased separately if required. These are complete sheets. Sheet Z.6297 have transfers for use with Commercial Vehicles and Sheet Z.6296 have transfers for other vehicles. For availability and prices see Accessories Section.
