

## LIST NO 15

### BOXED LOCOMOTIVES

(List updated 12.11.09)  
(Web Page updated 12.11.09)

The locomotives listed are in good working condition and in the majority of cases are unblemished. If there are any slight blemishes the blemishes will be noted. Those not in original boxes will be marked with an asterisk. However if replacement boxes are required please mention when ordering and a maximum £2-50 (or £2-25 or £2 depending on the size of the box) additional charge will be made. Prior to careful packing each locomotive will be re-examined and retested. An indication of the paperwork included is given. 'Ins' marked against a locomotive indicates that an Instruction leaflet is included.

WRENN RAILWAYS LOCOMOTIVE(NEXT NUMBER 1522)

Maurice Gunter's book - The Story of Wrenn - set out Wrenn production periods as follows:-

Period 1	12/66 to 12/69	Wrenn boxes
Period 2	01/70 to 12/71	Tri-ang Wrenn Boxes
Period 3	01/72 to C04/80	Wrenn Railways Boxes with Man/Flag logo
Period 4	C05/80 to 12.1.92	do do

The period of issue is included in the this table. As some locomotives were produced in more than one period the most likely periods are shown. The asterik indicates that locomotive is in a replacement box. If the replacement box is not required the price will be reduced by £2-50 The catalogue number, of course, has the prefix letter W
